Rich Dad's Guide To Investing is a long-term guide for anyone wanting to become a rich investor and invest in what the rich invest in. As the title states, it is a "guide" and offers no guarantees...just as my rich dad offered me no guarantees...only guidance." Robert T. Kiyosaki. Author of Rich Dad, Poor Dad & Rich Dad's Cashflow Quadrant --This text refers to an out of print or unavailable edition of this title.

## **Rich Dad's Guide to Investing: What the Rich Invest in ...**

Rich Dad Poor Dad was written by Robert Kiyosaki and advocates financial independence primarily through financial literacy and understanding money the way a rich person does. The author argues that the reason why so many poor and middle class people don't become rich is because they simply don't understand money and have values or beliefs that prevent them from getting there, such as "all rich people are greedy".

## **Rich Dad - Wikipedia**

The overall message of Rich Dad's Guide to Investing is that this is an abundant world, full of opportunity for the sophisticated investor. However, it sometimes takes a while to find this point. Much of the book is told in dialogues between young Kiyosaki and his rich dad, and these conversations can ramble. There are rewards for the careful reader--for example, in the middle of a section on the basic rules of investing, Kiyosaki's rich dad compares investor education to toilet training ...

In Rich Dad's Guide To Investing, Robert Kiyosaki puts forward the thought that you are in control of how wealthy you can become. You can forget the get-rich-quick schemes though, as you'll have to invest wisely and play the long game to be a 'rich dad'. The three main takeaways from the book are: Work on your financial literacy

Rich Dad's Guide to Becoming Rich will... Explain why cutting up your credit cards is a short-sighted, quick fix that doesn't address the underlying problem of bad debt Describe the difference between good debt and bad debt Illustrate how using credit cards to buy liabilities will only make you poor

## **Rich Dad's Guide to Becoming Rich Without Cutting Up Your ...**

This book is a great follow on from Rich Dad Poor Dad. It does go more in depth into financial systems and it helps to have an understanding of things such as GDP before you listen. However, that knowledge can be acquired along the way if you're interested enough to learn it.

Rich Dad's Guide to Investing is a guide to understanding the real earning power of money by learning some of the investing secrets of the wealthy.

Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich \* Are you in credit card debt? \* Is job security dead? \* Is your financial security threatened? \* Is a high-paying job the answer? \* Is your money working for you? \* Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

Describes how the wealthiest percentage of the population handles investments, and suggests ways to follow the example, including building one's own business in order to invest as a business, not an individual. Reissue. 100,000 first printing.

In Rich Dad Poor Dad, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his poor dad,' and the father of his best friend, the man who became his mentor and his rich dad.' One man was well educated and an employee all his life, the other's education was street smarts" over traditional classroom education and he took the path of entrepreneurship a road that led him to become one of the wealthiest men in Hawaii. Robert's poor dad struggled financially all his life, and these two dads these very different points of view of money, investing, and employment shaped Robert's thinking about money. Robert has challenged and changed the way tens of millions of people, around the world, think about money and investing and he has become a global advocate for financial education and the path to financial freedom. Rich Dad Poor Dad (and the Rich Dad series it spawned) has sold over 36 million copies in English and translated editions around the world. Rich Dad Poor Dad will explode the myth that you need to earn a high income to become rich challenge the belief that your house is an asset show parents why they can't rely on the school system to teach their kids about money define, once and for all, an asset and a liability explain the difference between good debt and bad debt teach you to see the world of money from different perspectives discuss the shift in mindset that can put you on the road to financial freedom

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

This work will reveal why some people work less, earn more, pay less in taxes, and feel more financially secure than others.

From the creator of Valuetainment, the #1 YouTube channel for entrepreneurs, and "one of the most exciting thinkers" (Ray Dalio, author of Principles) in business today, comes a practical and effective guide for thinking more clearly and achieving your most audacious professional goals. Both successful entrepreneurs and chess grandmasters have the vision to look at the pieces in front of them and anticipate their next
