The Test: Why Our Schools are Obsessed with Standardized ...

Standardized testing is one of the few remaining independent tools US society has for holding education professionals accountable to serve the public, and not their own, interests.

The test: Why our schools are obsessed with standardized ...

At the school level, educators create tests to measure their students' understanding of specific content or the effective application of critical thinking skills.

The Purpose of Educational Testing

Our students, teachers, and schools are being held accountable for the outcomes of tests that don't cover the most important material that they need to succeed: qualities like collaboration, creativity, and self-motivation, to name a few.

The Test Quotes by Anya Kamenetz - Goodreads

Most people don't even question our public school systems. I mean who has the time to question much these days? We are all so busy running this rat race and we don't feel like we have the energy to think after the workday is over. You may say 'I went to public school and I turned out alright.' But is
