Daxiong mao is rare and mysterious, like a god, living in the midst of the mountains. Strange things are happening on Lu Yi's farm. First, some men from the Chinese government ask Lu Yi's father to sell the property that has belonged to the family for generations. Then a giant panda appears in a neighbor's field, A rare occurrence, given the farm's distance from the high-mountain bamboo forests that pandas inhabit. Lu Yi has a feeling that the two mysteries are somehow connected. And before long, an orphaned baby panda he finds in the woods provides an answer. As the boy nurses the helpless animal back to health, he begins an adventure that may, well change his entire future.

Here is the astonishing true story of Ruth Harkness, the Manhattan bohemian socialite who, against all but impossible odds, trekked to Tibet in 1936 to capture the most mysterious animal of the day: a bear that had for countless centuries lived in secret in the labyrinth of lonely cold mountains. In *The Lady and the Panda*, Vicki Constantine Croke gives us the remarkable account of Ruth Harkness and her extraordinary journey, and restores Harkness to her rightful place along with Sacajawea, Nellie Bly, and Amelia Earhart as one of the great woman adventurers of all time. Ruth was the toast of 1930s New York, a dress designer newly married to a wealthy adventurer, Bill Harkness. Just weeks after their wedding, however, Bill decamped for China in hopes of becoming the first Westerner to capture a giant panda—an expedition on which many had embarked and failed miserably. Bill was also to fail in his quest, dying horribly alone in China and leaving his widow heartbroken and adrift. And so Ruth made the fateful decision to adopt her husband ' s dream as her own and set off on the adventure of a lifetime. It was not easy. Indeed, everything was against Ruth Harkness. In decadent Shanghai, the exclusive fraternity of white male explorers patronized her, scorned her, and joked about her softness, her lack of experience and money. But Ruth ignored them, organizing, outfitting, and leading a bare-bones campaign into the majestic but treacherous hinterlands where China borders Tibet. As her partner she chose Quentin Young, a twenty-two-year-old Chinese explorer as unconventional as she was, who would join her in a romance as torrid as it was taboo. Traveling across some of the toughest terrain in the world—nearly impenetrable bamboo forests, slick and perilous mountain slopes, and boulder-strewn passages—the team raced against a traitorous rival, and was constantly threatened by hordes of bandits and hostile natives. The voyage took months to complete and cost Ruth everything she had. But when, almost miraculously, she returned from her journey with a baby panda named Su Lin in her arms, the story became an international sensation and made the front pages of newspapers around the world. No animal in history had gotten such attention. And Ruth Harkness became a hero. Drawing extensively on American and Chinese sources, including diaries, scores of interviews, and previously unseen intimate letters from Ruth Harkness, Vicki Constantine Croke has fashioned a captivating and richly textured narrative about a woman ahead of her time. Part Myrna Loy, part Jane Goodall, by turns wisecracking and poetic, practical and spiritual, Ruth Harkness is a trailblazing figure. And her story makes for an unforgettable, deeply moving adventure.

The story of the first year in the Washington Zoo of Ling-Ling and Hsing-Hsing, the giant pandas presented to the U.S. by the People's Republic of China.

“ Weepingly funny. ” —The Wall Street Journal “ Delightful. ” —BuzzFeed “ Charmed my socks off. ” —David Arnold, New York Times bestselling author of *Kids of Appetite* and *Mosquitoland* Four starred reviews for this incisive, laugh-out-loud contemporary debut about a Taiwanese-American teen whose parents want her to be a doctor and marry a Taiwanese Ivy Leaguer despite her squeamishness with germs and crush on a Japanese classmate. At seventeen, Mei should be in high school, but skipping fourth grade was part of her parents ' master plan. Now a freshman at MIT, she is on track to fulfill the rest of this predetermined future: become a doctor, marry a preapproved Taiwanese Ivy Leaguer, produce a litter of babies. With everything her parents have sacrificed to make her cushy life a reality, Mei can ' t bring herself to tell them the truth—that she (1) hates germs, (2) falls asleep in biology lectures, and (3) has a crush on her classmate Darren Takahashi, who is decidedly not Taiwanese. But when Mei reconnects with her brother, Xing, who is estranged from the family for

dating the wrong woman, Mei starts to wonder if all the secrets are truly worth it. Can she find a way to be herself, whoever that is, before her web of lies unravels? From debut author Gloria Chao comes a hilarious, heartfelt tale of how, unlike the panda, life isn't always so black and white.

In this magnificent, heart-wrenching book--hailed Best Book of 1993 by the New York Times Book Review and USA Today--acclaimed naturalist and National Book Award winner George B. Schaller documents the plight of the mysterious panda--and urgently calls for the compassion needed to save these gentle animals from extinction. Includes a new Preface for this edition. 27-color plates.

Read Along or Enhanced eBook: In this Chinese American retelling of "Goldilocks and the Three Bears," a careless Goldy Luck wreaks havoc on the home of a family of panda bears. She eats up the littlest panda's rice porridge, breaks his rocking chair, and rumples all the blankets on his futon. When Goldy takes responsibility for her actions, she makes a new friend (and a whole plate of turnip cakes!) just in time for Chinese New Year.

Panda Love is a collection of incredible images of these gentle giants. Ami Vitale's stunning photographs, taken on location in China, document the efforts to breed pandas and release them back into the wild. Ami was given unprecedented access to the pandas and her photos give an amazing insight into the bears' lives in both the sanctuaries and their natural habitat. Fluffy panda cubs tumble out of baskets and play hide-and-seek with their carers, while the adult pandas curiously explore the forest and climb trees. The giant panda is everyone's favorite bamboo-munching bear. China may be on its way to successfully saving its most famous ambassador, and Panda Love lovingly documents the process of putting the wild back into an icon.

Traces the story of a 1930s female adventurer who brought America its first panda bear, describing how she inherited a seemingly impossible expedition from her explorer husband and defied period conventions to travel up the Yangtze River and into the wilderness to bring back an adorable panda cub she named Su Lin, which means "a little bit of something cute." Illustrated by the Caldecott Honor-winning artist of A River of Words.

Claws of the Panda tells the story of Canada's failure to construct a workable policy towards the People's Republic of China. In particular the book tells of Ottawa's failure to recognize and confront the efforts by the Chinese Communist Party to infiltrate and influence Canadian politics, academia, and media, and to exert control over Canadians of Chinese heritage. Claws of the Panda gives a detailed description of the CCP's campaign to embed agents of influence in Canadian business, politics, media and academia. The party's aims are to be able to turn Canadian public policy to China's advantage, to acquire useful technology and intellectual property, to influence Canada's international diplomacy, and, most important, to be able to monitor and intimidate Chinese Canadians and others it considers dissidents. The book traces the evolution of the Canada-China relationship over nearly 150 years. It shows how Canadian leaders have constantly misjudged the reality and potential of the relationship while the CCP and its agents have benefited from Canadian naivete.

A thought-provoking journey of companionship, courage, tenderness, and tea. Big Panda and Tiny Dragon embark on a journey through the seasons of the year together. They get lost, as many of us do. But while lost, they discover many beautiful sights they'd never have found had they gone the right way. Told through a series of beautiful drawings and quiet, sometimes silly, conversations, the panda and the dragon explore the thoughts and emotions, hardships and happiness that connect us all. In nature, they learn how to live in the moment, how to be at peace with uncertainty, and how to find the strength to overcome life's obstacles together. Inspired by Buddhist philosophy and spirituality, British author and artist James Norbury created the adventures of Big Panda and Tiny Dragon to share ideas that have helped him through difficult times. The book's series of vignettes can be read cover to cover or dipped into whenever inspiration is needed. James hopes the book's words and images will inspire others to pause, enjoy the stillness, and look at life in a positive new way. WORDS OF WISDOM: The seemingly simple, and often silly, conversations between Big Panda and Tiny Dragon reveal meaningful insights on friendship, inner wisdom, and self-acceptance. INSPIRING IMAGES: Depicted in bold brush strokes reminiscent of calligraphy, big, fluffy Panda and tiny, wiry Dragon journey through rolling hills, wooded forests, and blooming meadows in more than 120 elegant black-and-white and full-color scenes. FOR READERS OF ALL AGES: From youngsters at story time to new graduates with the world ahead of them to adults in moments of challenge or transition, Big Panda and Tiny Dragon offer comfort, inspiration, and a wry smile for every reader. WORK OF ART: Featuring a beautiful cover and a collection of stunning illustrations, each one more beautiful than the next, every page in this book is worthy of framing. HEARTFELT GIFT: Full of wisdom and touching humor, Big Panda and Tiny Dragon makes a thoughtful gift to be treasured.
