In a clear and encouraging voice, Sosa reveals how Napoleon Hill's positive, practical, and empowering ideas can help Latinos overcome self-esteem issues, thrive while embracing change, and map a clear-cut plan to achieve their goals and fulfill their dreams. By applying the proven principles of preparation, competence, hard work, and sincerity devised by legendary motivational author Napoleon Hill, Lionel Sosa advanced from painting signs at \$1.10 an hour to running the largest Hispanic ad agency in America. In this indispensable guide to prosperity, Sosa shares his inspiring story of achievement, as well as those of other respected members of the Latino community, including: Alberto Gonzales, who rose from humble roots in San Antonio and Houston to become the first Hispanic attorney general of the United States. Linda Alvarado, who defied both racism and sexism to head the biggest construction company in America led by a woman. Jeff Valdez and Bruce Barshop, the team that created SiTV, the first and only twenty-four-hour English-language cable channel aimed at Latinos. Patricia Diaz Dennis, who triumphed over many obstacles and personal tragedy to serve as the first Latina chair of the Girl Scouts in the United States.

Why Write A New Think and Grow Rich? At first exposure the very idea of rewriting the greatest success classic of all time sounds like some fruit from California announcing he's re-written the Bible. However, looking at it correctly, wouldn't it be amazing if a "how-to" manual didn't need updating after 70 years of service? What other body of knowledge and practice has not progressed dramatically in the intervening years?! Can the science of personal achievement be any different? So what kinds of changes can you expect? Certainly modern advances in neuro-science, motivation, NLP, and quantum reality make it easier to grasp the secret, and have been included. Also, those uncomfortable "isms of an antique age" have been eliminated. You no longer have to be a white American male to achieve success..thus the language, quotes, examples and stories include, while retaining much of the familiar work, women, other races and nationalities. More accessible for young people, who need it most!
