The Three Little Pigs with a twist! In the tradition of her bestseller The Three Snow Bears, Jan Brett finds inspiration for her version of a familiar story in Namibia, where red rock mountains and vivid blue skies are home to appealing little dassies and hungry eagles. Mimbi, Pimbi and Timbi hope to find "a place cooler, a place less crowded, a place safe from eagles!" to build their new homes. The handsomely dressed Agama Man watches from the borders as the eagle flies down to flap and clap until he blows a house down. But in a deliciously funny twist, that pesky eagle gets a fine comeuppance! Bold African patterns and prints fill the stunning borders, but it is the dassies in their bright, colorful dresses and hats that steal the show in this irresistible tale, perfect for reading aloud.

The Hanen Centre's newest guidebook brings to life the most current research on promoting children's emergent literacy in early childhood classrooms. With the goal of preparing preschool children to learn to read and write successfully, ABC and Beyond shows educators how they can build language and literacy learning naturally into everyday conversations and activities. By translating the most current research into user-friendly strategies for educators, ABC and Beyond addresses the various prerequisites of literacy, including vocabulary, story comprehension, decontextualized (abstract) language, print knowledge and phonological awareness. More than 120 color photographs and many easy-to follow charts with detailed, practical examples beautifully illustrate how the strategies are applied in real-life contexts.
