A Hands-on Guide To Getting The Most From Your Toyota. The Toyota Truck & Land Cruiser Owners Bible? is the authoritative companion book for your Toyota truck, whether its a heavy hauling pickup, rugged off-road FJ40, or a new Land Cruiser thats never left pavement. Author, veteran truck mechanic and off-road expert Moses Ludel has written the only comprehensive source of information for Toyota Trucks and Land Cruisers—a history, buyers guide, service manual, and high-performance tuning book all in one Discover every aspect of Toyota trucks, from their origins in 1958 to the latest technological advances. Youll learn tips for buying the right new or used truck, and which accessories make sense for your needs. Step-by-step procedures with hundreds of photos cover basic maintenance and more complicated work, like tune-ups, valve adjustments, brake jobs and installing aftermarket suspension/lift kits. Get the hot set-up for your truck, whether you want low-end torque or high-RPM power. Moses gives specific tuning recommendations for engines from the early inline-6s to the advanced 4.5L 24-valve DJ engine. He shares expert insights into the best high performance components and the latest technology from Toyota Racing Development. Youll also find suspension and chassis modifications, and the best tire and wheel combinations. Comprehensive coverage of Toyota Trucks and Land Cruisers from 1958-1996, including: * 4Runner * SR-5 * Tacoma * T-100 * FJ25 * FJ40 * FJ43 * FJ45 * FJ55 * FJ80 * FJ60 * DJ80 * Stout * Hi-Lux * Xtra Cab * Cab and Chassis Models

When Breeze FM, a radio station in the provincial Zambian town of Chipata, hired an elderly retired schoolteacher in 2003, no one anticipated the skyrocketing success that would follow. A self-styled grandfather on air, Gogo Breeze seeks intimacy over the airwaves and dispenses advice on a wide variety of grievances and transgressions. Multiple voices are broadcast and juxtaposed through call-ins and dialogue, but free speech finds its ally in the radio elder who, by allowing people to be heard and supporting their claims, reminds authorities of their obligations toward the disaffected. Harri Englund provides a masterfully detailed study of this popular radio personality that addresses broad questions of free speech in Zambia and beyond. By drawing on ethnographic insights into political communication, Englund presents multivocal morality as an alternative to dominant Euro-American perspectives, displacing the simplistic notion of voice as individual personal property—an idea common in both policy and activist rhetoric. Instead, Englund focuses on the creativity and polyphony of Zambian radio while raising important questions about hierarchy, elderhood, and ethics in the public sphere. A lively, engaging portrait of an extraordinary personality, Gogo Breeze will interest Africanists, scholars of radio and mass media, and anyone interested in the history and future of free speech.

Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.
