Transforming Business with Program Management: Integrating ...

Program management of a transformation initiative requires leadership over the six dimensions of the program—strategy, people, process, technology, structure, and measurement. The program charter, scope, approach, and company structure will govern how the integrated program plan is structured to address all of these six dimensions.

4 Steps To A Successful Business Transformation

This presentation will be helpful to people trying to better understand and apply program management, a key enabler for improving the success rate of business transformation programs. Strategists and execution specialists working on transforming a business will find this presentation invaluable.

?PM Lessons Learned: PMLL Episode 0171 Transforming ...

Most transformation programmes generally go over budget, overrun their schedules and, if completed, leave defects or inadequacies post-implementation. Even if programmes have delivered to these parameters of cost, time, and quality, transformation objectives and business benefits may still not be achieved.
