The manual dial button does allow you to change the source input, which some TVs don't have a manual button for source, so that is a plus. The remote has a backlight for the keys, and I found it very user friendly with fairly large buttons for the most-used functions.

Ainsley Apple is bored with playing in the woods near her orchard home and wants to go on an adventure. Journey with Ainsley and her good friend Peyton Pear as they set off to uncover the truth about the mysterious onions who live over the hill. Are onions really creepy, nasty, and yucky like everyone in Bloom Valley says? Discover what Ainsley and Peyton learn about onions and themselves when they meet Owen Onion.

A maintenance and repair for the home mechanic. It provides step-by-step instructions for both simple maintenance and major repairs.

The Gospel of Thomas -- found in 1945 -- has been described as "without question the most significant Christian book discovered in modern times." Often Thomas is seen as a special independent witness to the earliest phase of Christianity and as evidence for the now-popular view that this earliest phase was a dynamic time of great variety and diversity. In contrast, Mark Goodacre makes the case that, instead of being an early, independent source, Thomas actually draws on the Synoptic Gospels as source material -- not to provide a clear narrative, but to assemble an enigmatic collection of mysterious, pithy sayings to unnerve and affect the reader. Goodacre supports his argument with illuminating analyses and careful comparisons of Thomas with Matthew and Luke. Watch the trailer:

With a circulating credit currency, a modern national debt, and sophisticated financial markets, England developed a fiscal-military state that instilled fear and facilitated the first industrial revolution. Yet this new system of credit was precarious and prone to accidents, and it depended on trust, public opinion, and ultimately violence.

Dr Podcast (www.dr-podcast.com) is a great way to revise for the FRCA exams and has been met with widespread enthusiasm from candidates. It provides podcasts of questions and model answers with no redundant material. Dr Podcast scripts are now available in print format. Containing the scripts of all 103 individual podcasts from the Dr Podcast Final FRCA collection, they also include diagrams the reader can draw to explain their answers. They cover the entire syllabus for the Final FRCA, allowing the readers to experience the style of the questions likely to be asked and providing tips on how to excel in the exam. Each podcast is written by a successful candidate who has insight and experience of the exam, and all material has been reviewed by experienced consultants with detailed knowledge of the educational standards. For those preparing for the Final FRCA exams, Dr Podcast scripts are a must.

Ann Rule says, "Kathryn Casey is one of the best true crime writers today"—high praise indeed from the author of a host of nonfiction New York Times bestsellers including Green River and The Stranger Beside Me, the story of serial killer Ted Bundy. With Deadly Little Secrets, Casey once again explores the dark side of the Lone Star State, offering a riveting true story of a murderous Texas preacher responsible for the cold-blooded slaying of the mother of his children. Meticulously researched and spellbindingly told, Deadly Little Secrets pulls back the curtain on the horrific crimes of a supposed man of God who was more devoted to the Devil, and it demonstrates why such true crime luminaries as Edgar® Award winner Carleton Stowers and Gregg Olsen are confirmed Kathryn Casey fans. And don't miss Kathryn Casey's latest book, Deliver Us, a riveting account of the brutal murders of young women in the I-45/Texas Killing Fields.

The bestselling author shows how to bring the Christian faith into the workplace. With simple strategies and inspiring insights, Bishop Jakes helps readers understand how to put work in its proper place, recognize their blessings, and fight to take control of their work life. (Christian Religion)

It's A Troll Hunt! When a messenger bat arrives at the RSPCB, boy-werewolf Ulf receives a warning that beasts are in trouble in the wild. Unaware of the danger he is facing, Ulf soon uncovers foul play: A rare colony of trolls is being smoked out from their caves to be used as game in an evil beast-hunting preserve. It's up to Ulf to save the day!

A searing collection of essays looks back at the 1991 Supreme Court confirmation hearings that ignited a national debate about workplace sexual harassment. In the fall of 1991, Anita Hill captured the country's attention when she testified before the U.S. Senate Judiciary Committee describing sexual harassment by Clarence Thomas, who had been her boss and was about to ascend to the Supreme Court. We know what happened next: she was challenged, disbelieved, and humiliated; he was given a lifelong judicial appointment. What is less well-known is how many women and men were inspired by Anita Hill's bravery, how her testimony changed the feminist movement, and how she singlehandedly brought public awareness to the issue of sexual harassment. Twenty years later, this collection brings together three generations to witness, respond to, and analyze Hill's impact, and to present insights in law, politics, and the confluence of race, class, and gender. With original contributions by Anita Hill, Melissa Harris-Perry, Catharine MacKinnon, Patricia J. Williams, Eve Ensler, Ai Jen Poo, Kimberly Crenshaw, Lynn Nottage, Gloria Steinem, Lani Guinier, Lisa Kron, Mary Oliver, Edwidge Danticat, Kevin Powell, and many others. "These timely essays show us how those historic hearings brought sexual harassment (especially in the workplace) into the public eye, while also revealing what still hasn't changed, and reminding us of the intersection of race, class, gender, and power that underlies this contentious issue." —Publishers Weekly

If you are a developer or DevOps engineer who understands the basics of Cassandra and are ready to take your knowledge to the next level, then this book is for you. An understanding of the essentials of Cassandra is needed.
