Bookmark File PDF

ground may be found between these different positions. The authors raise points of critical reflection on intercultural events and issues in various areas of communication including health, work, environment and education. The book also covers a range of

Bookmark File PDF

issues, from the interactions of various cultures to the expansion of social organizations and the growing global infrastructure. By integrating 'glocal' perspectives in intercultural communication, the book addresses the long-term strategy of developing a global

Bookmark File PDF

community without
sacrificing indigenous
local values.

This book provides an
overview of the core
professional issues in
the field of child and
youth care practice.

The author explores
themes ranging from
relationships and the
exploration of Self to
career building and

Bookmark File PDF

field-specific approaches to management. The book is written from a pragmatic perspective, and serves both to advance current thinking in the field about professional issues as well as to provide the student of child and youth care practice and

Bookmark File PDF

practitioners with
practical and
accessible
approaches to
developing a strong
and sustainable
professional identity.
All of the themes in
this book are explored
within a context of
ethical decision-
making and practice
approaches informed
by a commitment to

Bookmark File PDF

children's rights and empowerment. Throughout the discussions, concepts and themes are considered in relation to four specific lenses: the power lens, the diversity lens, the language lens and the transitioning from theory to practice lens. These lenses serve to ensure that

Bookmark File PDF

the reader adopts a critical understanding of the professional issues in the field and is able to develop his or her own professional identity while mitigating the power and identity issues necessarily associated with being a practitioner in a helping profession. This book was

Bookmark File

PDF

published as a special issue of Child and Youth Services.

Bullying has long
been tolerated as a
rite of passage among
children and

Bookmark File PDF

adolescents. There is an implication that individuals who are bullied must have "asked for" this type of treatment, or deserved it.

Sometimes, even the child who is bullied begins to internalize this idea. For many years, there has been a general acceptance and collective shrug

Bookmark File PDF

When it comes to a child or adolescent with greater social capital or power pushing around a child perceived as subordinate. But bullying is not developmentally appropriate; it should not be considered a normal part of the typical social grouping that occurs

Bookmark File PDF

throughout a child's life. Although bullying behavior endures through generations, the milieu is changing. Historically, bullying has occurred at school, the physical setting in which most of childhood is centered and the primary source for peer group formation. In recent years,

Bookmark File PDF

however, the physical setting is not the only place bullying is occurring. Technology allows for an entirely new type of digital electronic aggression, cyberbullying, which takes place through chat rooms, instant messaging, social media, and other forms of digital electronic

Bookmark File PDF

communication.
Composition of peer groups, shifting demographics, changing societal norms, and modern technology are contextual factors that must be considered to understand and effectively react to bullying in the United States. Youth are embedded in multiple

Bookmark File PDF

Understands each of these contexts interacts with individual characteristics of youth in ways that either exacerbate or attenuate the association between these individual characteristics and bullying perpetration or victimization.

Recognizing that

Bookmark File PDF

bullying behavior is a major public health problem that demands the concerted and coordinated time and attention of parents, educators and school administrators, health care providers, policy makers, families, and others concerned with the care of children, this report evaluates

Bookmark File PDF

the state of the science on biological and psychosocial consequences of peer victimization and the risk and protective factors that either increase or decrease peer victimization behavior and consequences.

Recent neuroscience research makes it

cultural diversity
shape behavior and
experience, and our
ongoing adaptation to
a constantly changing
world.

Binding and loosing,
baptism, eucharist,
multiplicity of gifts,
and open meeting;
these five New
Testament practices
were central in the life

Bookmark File PDF

of the early Christian community. Some of them are still echoed in the practice of the church today. But the full social, ethical, and communal meaning of the original practices has often been covered by centuries of ritual and interpretation. John Howard Yoder, in his inimitably direct and

Bookmark File PDF

discerning style,
uncovers the original
meaning of the five
practices and shows
why the recovery of
these practices is so
important for the
social, economic, and
political witness of the
church today.

A groundbreaking
look at marriage, one
of the most basic and

Bookmark File PDF

universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole.

The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the

Bookmark File PDF

authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans.

Today a broad

Bookmark File PDF

consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution.

Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of

Bookmark File PDF

indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more

Bookmark File PDF

satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for

Bookmark File PDF

strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically

Bookmark File PDF

rigorous and learned,
practical and
commonsensical.” --

William J. Bennett,
author of *The Book of
Virtues* “Makes the
absolutely critical
point that marriage
has been

misrepresented and
misunderstood.” --
