The foundation of the American government, its purpose, form, and structure, are in the Constitution of the United States. The Constitutional Convention adopted the Constitution on September 17, 1787. The Bill of Rights is the first 10 amendments to the Constitution. It guarantees greater constitutional protection for individual liberties and lists specific prohibitions on government power.

UNITED STATES HISTORY AND GOVERNMENT

Government shutdowns in the United States occur when there is a failure to pass funding legislation to finance the government for its next fiscal year or a temporary funding measure. Ever since a 1980 interpretation of the 1884 Antideficiency Act, a "lapse of appropriation" due to a political impasse on proposed appropriation bills requires that the US federal government curtail agency ...

Government shutdowns in the United States - Wikipedia

The United States has eschewed universal national insurance in favor of a private, employer-based system, with government programs covering only certain vulnerable groups. While many have criticized the United States for its lack of government action on healthcare, others have praised the supposed innovation and diversity resulting from the ...

History of healthcare policy in the United States ...

One of the strengths of the United States is the political system created by the U.S. Constitution, drawn up in 1787. The United States is a representative democracy, where the people rule through elected representatives. It is also a federal republic, where powers are divided among the federal, or national, government and various state governments.
