Analytical features of the livelihood model in the urban context2 Living in an urban environment is clearly a distinct experience from life in a rural setting. Yet despite the contrasts in terms of context, there is one factor that remains unchanged: people themselves. Wherever people live, they retain essentially the same human needs, and the desire

### Methods for Understanding Urban Livelihoods

Based on recent and extensive research, this volume thoroughly assesses the value of the livelihoods approach to urban poverty. The book reviews the situation and strategies of the urban poor and identifies the policies and practical programmes that work best.

### Urban Livelihoods | Taylor & Francis Group

One of the most promising approaches to poverty reduction in developing countries is to encourage sustainable livelihoods for the poor.
