Psychology And The Social Sciences of sexism or hatred against women and that sexism may actually inhibit violence against women. He cites research suggesting that the motives for violence against women are similar to the motives for violence against men: to control, to gain retribution, and to promote or defend self-image.

Violence & Gender Reexamined (Law and Public Policy ... Overview. Violence and Gender Reexamined challenges one of western culture's most deeply held assumptions: That violence against women is different from violence against men. In this elegantly argued and well-researched book, author Richard Felson argues that this type of violence is rarely the result of sexism or hatred against women and that sexism may actually inhibit violence against women.

Violence and Gender Reexamined (Law and Public Policy: Psychology and the Social Sciences) Richard B. Felson Published by Amer Psychological Assn (2002)

9781557988959: Violence & Gender Reexamined (Law and ...
The motives play a role in almost all violence, regardless of gender. Using a comparative method to determine how violence against women differs from violence against men, the author illustrates not only that violence against women is less frequent than violence against men but also that our culture and legal system treat it more harshly.
