It started with the Storms.The world got too hot too fast. The weather wrecked Hell on man's shiny, pretty civilization. With the heat and wet came bugs, with bugs came new diseases, and man's numbers and sanity dwindled.The survivors reformed governments like petty shadows of the world's old empires. They sought answers and justifications, they sought redemption for what they perceived as man's holy smiting>Welcome to the Arizona Reformed Theocracy, otherwise called The Zona.Here the Church rules with power absolute. The laws are simple, all sin is punished swiftly. Preachers enforce the Church's words like old West lawmen.But what happens when a Preacher refuses to kill? What happens when men of honor take a stand against their rulers?

The sales growth of multiunit, fast-food operators rose 315%from 1967 to 1972. The market influences on growth trends include population demographic characteristics, personal disposable income, price, varying lifestyle, and consumer attitude change. Difficult cost structures and competitive pressures have resulted in larger menus and longer hours. Locations and facilities that provide easy access and quick turnover are cost-effective. Methods to increase labor productivity and technology and franchising have added to industry growth. Effective management style and control plusadequate capital structure and finance enhance growth. 9, actual case studies present management decision-making processes and experiences that represent initial decisions that have influenced the competitiveness of each firm. The issue of operating policy is predominant.

Children's books seek to assist children to understand themselves and their world. Unsettling Narratives: Postcolonial Readings of Children's Literature demonstrates how settler-society texts position child readers as citizens of postcolonial nations, how they represent the colonial past to modern readers, what they propose about race relations, and how they conceptualize systems of power and government. Clare Bradford focuses on texts produced since 1980 in Canada, the United States, Australia, and New Zealand and includes picture books, novels, and films by Indigenous and non-Indigenous publishers and producers. From extensive readings, the author focuses on key works to produce a thorough analysis rather than a survey. Unsettling Narratives opens up an area of scholarship and discussion—the use of postcolonial theories—relatively new to the field of children's literature and demonstrates that many texts recycle the colonial discourses naturalized within mainstream cultures.
