An ex-cop turned PI is hired to find a serial killer who signs his work in this crime thriller by the New York Times–bestselling author of Urge to Kill. Fear Leaves A Mark He mutilates his victims. Slices their throats. And carves an X into their flesh. Five years ago, he claimed the lives of six women. Then the killings abruptly stopped—no one knows why. Ex-homicide detective Frank Quinn remembers. Which is why he’s shocked to see one of the dead women in his office. Actually, she’s the identical twin of the last victim, and she wants Quinn to find her sister’s murderer. But when the cold case heats up, it attracts the media spotlight—and suddenly the killings start again. . . . Praise for Mister X “A page-turner to the nail-biting end, the fifth Frank Quinn investigation. . . . Will leave readers breathless. . . . Misleading clues and dramatic suspense will keep readers pondering the intricacies of this twisty, creepy whodunit long after the last page is turned.” —Publishers Weekly, starred review “A lesser writer would lose readers in this ever-evolving plot with shifting identities and motives, but this is John Lutz, winner of multiple Edgar and Shamus awards. By the very satisfying conclusion, it all makes perfect sense. Lutz has produced another procedural masterpiece.” —Booklist

Three-time winner of the Swedish Crime Writers’ Award. While carefree teenagers celebrate the holidays in Gothenburg, tragedy waits to pierce the heady days of summer. It is late when nineteen-year-old Jeanette bids goodbye to her friends and sets off for home. She takes a shortcut through the park... Next morning, police come to question Jeanette about her rape, but she has already washed away all traces of the crime. When a second rape ends in murder, Chief Inspector Erik Winter starts a manhunt for a killer with a very specific method which reminds him of a case from many years ago...

Hailed as “one of the most inventive writers that science fiction has ever produced” (SF Site), Stephen Baxter builds on the massive success of Proxima with a career-defining novel of big ideas... On the planet of Per Ardua, alien artifacts were discovered—hatches that allowed humans to step across light-years of space as if they were stepping into another room. But this newfound freedom has consequences... As humanity discovers the real nature of the universe, a terrifying truth comes to light. We all have countless pasts converging in this present—and our future is terrifyingly finite. There are minds in the universe that are billions of years old and now we are vulnerable to their plans for us... It’s time to fight back and take control.

Enemies are everywhere in this monumental international crime thriller that Brad Thor calls “The Girl with the Dragon Tattoo meets The Sopranos.” Hector Guzman has fooled many women. With his quiet charm, easy smile, and smooth demeanor it’s easy to fall into his trap, and Sophie Brinkmann, a widowed single mother, is no exception. She quickly learns, though, that his sleek façade masks something sinister. Guzman is the head of a powerful international crime ring with a reach into drugs and weaponry that extends from Europe to South America. His interests are under siege by a ruthless German syndicate who will stop at nothing to stake its claim. But the Guzmans are a family of fighters and will wage war to protect what’s rightfully theirs. When Sophie is unwittingly caught in the crossfire, she must summon everything within her to navigate the intricate web of moral ambiguity, deadly obsession, and craven gamesmanship.

From the #1 New York Times bestselling author, “a brilliant biography”\* of the 28th president of the United States. \*Doris Kearns Goodwin One hundred years after his inauguration, Woodrow Wilson still stands as one of the most influential figures of the twentieth century, and one of the most enigmatic. And now, after more than a decade of research and writing, Pulitzer Prize–winning author A. Scott Berg has completed Wilson—the most personal and penetrating biography ever written about the twenty-eighth President. In addition to the hundreds of thousands of documents in the Wilson Archives, Berg was the first biographer to gain access to two recently discovered caches of papers belonging to those close to Wilson. From this material, Berg was able to add countless details—even several unknown events—that fill in missing pieces of Wilson’s character, and cast new light on his entire life. From the visionary Princeton professor who constructed a model for higher education in America to the architect of the ill-fated League of Nations, from the devout Commander in Chief who ushered the country through its first great World War to the widower of intense passion and turbulence who wooed a second wife with hundreds of astonishing love letters, from the idealist determined to make the world “safe for democracy” to the stroke-crippled leader whose incapacity—and the subterfuges around it—were among the century’s greatest secrets, from the trailblazer whose ideas paved the way for the New Deal and the Progressive administrations that followed to the politician whose partisan battles with his opponents left him a broken man, and ultimately, a tragic figure—this is a book at once magisterial and deeply emotional about the whole of Wilson’s life, accomplishments, and failings. This is not just Wilson the icon—but Wilson the man. INCLUDES PHOTOGRAPHS

Battle, plunder, and glory await The eagerly anticipated prequel series to Blood Forest (Ambush) and Siege. AD 6: The greatest army assembled in a generation prepares to march. But not Legionary Corvus. He and half his legion are to be left behind to garrison the province of Pannonia: a wild place where the mountains are as deadly as any foe. Corvus despairs as he watches his closest friend Marcus march to war, not knowing that his own eager thirst for battle is about to be quenched. A huge rebel army has revolted against the Empire, and Corvus and his few comrades are all that stand against them... A gritty historical adventure, perfect for fans of Ben Kane and Simon Scarrow. Praise for Geraint Jones ‘Outstanding... Geraint’s own military service has helped create a realistic and gritty vision of what it was like to be a soldier in Roman times. Bold, violent, but also deeply introspective, this book offers insight not only into history, but also the mind of the soldier. I couldn’t put it down’ Steven Pressfield, author of Gates of Fire ‘Blood and guts, but also a clever exploration of the moral ambiguity of war and loyalty to a flag’ Mail on Sunday ‘Brutal, audacious, and fast paced’ Anthony Riches, author of the Empire series. “Historical fiction written by a real war veteran who knows all there is to know about blood and bonding in battle” Weekend Sport

In documented detail, the author argues that the same interconnecting bloodlines have controlled the planet for thousands of years. Original. A sleek, stylish novel set in the sophisticated, dazzling New York of the 1940s, between the shock of Pearl Harbor and the first landing of American troops in Europe—a deft, romantic novel about a wartime triangle involving a twenty-two-year-old fashion designer poised to launch her promising career. . . . the acclaimed French expatriate writer/war pilot, Antoine de Saint-Exupéry, who’s fled his Nazi-occupied country and come to Manhattan for a month, only to stay for two years. . . . and his beautiful, estranged Salvadoran wife, the tempestuous, vain Consuelo, determined to win back her husband at all costs—and seductions. With Paris under occupation by Hitler’s troops, New York’s Mayor La Guardia has vowed to turn his city into the new fashion capital of the world. A handful of American designers are set to become the industry’s first names, and Mignonme Lachapelle is determined to be among them. Her ambition and ethics are clear and uncomplicated, until she falls for the celebrated and tormented adventurer Captain Antoine de Saint-Exupéry, who, six months after the surrender of France, has fled Europe’s ashen skies after flying near-suicidal reconnaissance missions for the French Air Force. In New York, he writes a new book on the fall of France. Flight to Arras (it becomes a number-one best seller) and collects (a year later) his 1939 National Book Award for his Wind, Sand and Stars, a poetic account of his flying escapades over North Africa and South America (by the time of his arrival in New York, in early 1941, the book has sold 250,000 copies). To distract himself from his malaise about France and at being in exile, and at his publisher’s offhand suggestion, he begins work on a children’s story about a “petit bonhomme” in the Sahara Desert. . . . Nothing about Mig’s relationship with Saint-Ex is simple, not his turmoil and unhappiness about being in New York and grounded from wartime skies, nor Mig’s tempestuous sexual encounter with Antoine and the blurring boundaries of their artistic pursuits, or Saint-Exupéry’s wife who insidiously entangles Mig in her schemes to reclaim her husband. The greatest complication of Mig’s bond with Saint-Exupéry comes in the form of a deceptively simple manuscript: Antoine’s work in progress about a little boy, a prince, who’s fallen to earth on a journey across the planets. . . . An irresistible novel that brings to life the complex, now almost mythic Saint-Exupéry and the glittering life of wartime New York. This ebook edition includes a Reading Group Guide.
