## **overview** Warfare In Ancient Greece A

Definition. In the ancient Greek world, warfare was seen as a necessary evil of the human condition. Whether it be small frontier skirmishes between neighbouring city -states, lengthy city-sieges, civil wars, or large-scale battles between multi-alliance blocks on land and sea, the vast rewards of war could outweigh the costs in material and lives. Whilst there were long periods of peace and many examples of friendly alliances, the powerful motives of territorial expansion, war booty ...

*Ancient Greek Warfare -  
Ancient History Encyclopedia*

Warfare occurred throughout the history of Ancient Greece, from the Greek Dark Ages onward. The Greek 'Dark Age' drew to a close as a significant increase in population allowed urbanized culture to be restored, which led to the rise of the city-states. These developments ushered in the period of Archaic Greece. They also restored the capability of organized warfare between these Poleis. The fractious nature of Ancient Greek society seems to have made continuous conflict on this

A hoplite armed with an  
aspis and a doru The hoplite  
was a small infantryman, the  
central element of warfare  
in Ancient Greece. The word  
hoplite (Greek ἱππότης,  
hoplitēs) derives from  
hoplon (ἵππλον, plural hopla,  
ἵππλα) meaning an item of  
armor or equipment, thus  
'hoplite' may approximate to  
'armored man'.

States were in a constant rivalry for land, resources and power which meant that warfare became an ever-present aspect of life.

Athens and Sparta were famous rivals throughout the Classical period but other cities like Corinth and Thebes were just as active on the battlefield. When the Persians attempted to invade Greece in the 5th century BCE those states then pulled together to defeat a common enemy.

An uncommon tactic of  
Ancient Greek warfare,  
during the hoplite battles,

# Online Library Warfare In Ancient Greece A

was the use of ambush. When light-armed forces began to be used, ambushing became a recognized scheme. The most known version of this tactic occurred during the Battle of Dyme in 218 BC, when one side pretended to retreat from the fighting and enticed their enemy to follow them into an ambush. [25]
