WSL Ving Tsun Kuen Hok is the legacy of the late Sifu Wong Shun Leung, one of the most famous and formidable students of Ving Tsun (Wing Chun) Gung Fu patriarch, Grandmaster Ip Man. In this volume, Sifu David Peterson, author and student of the late Wong Shun Leung, presents a detailed overview of the entire WSL Ving Tsun Kuen Hok method in the form of individual essays that explore the forms, concepts, techniques and drills that comprise the legacy of his teacher, as well as an exclusive look at the life of Sifu Wong and his teacher, Grandmaster Ip Man. The book also discusses the very important connection between Sifu Wong and the late Bruce Lee, to whom he was a mentor, teacher and friend. Fully illustrated, in both colour and black-and-white, with never-before-published photos, along with an extensive appendix containing extra references for the reader, WSL Ving Tsun Kuen Hok: An Overview in the Form of Essays is a book that all practitioners of Ving Tsun should have in their reference collection.

The story of Duncan Leung ? childhood friend of Bruce Lee, disciple of legendary master Yip Man, and New York kung fu teacher ? is valuable not only for its insights into martial arts but also for its portrayal of the lost Hong Kong of the 1950s and 1960s. Each anecdote is introduced with a proverb or teaching from Chinese philosophy, and illustrations follow each fight story, making for an educational and entertaining read.

Master the many styles of Wing Chun Kung Fu with this expert martial arts guide. With the fame of Bruce Lee, the conditions in Hong Kong, and the hard work and effort of many of his classmates, the Wing Chun of the late master Yip Man became one of the most well-known and popular Chinese martial arts in the world. Although this gave Wing Chun international recognition, it also led to a lot of misconceptions. Due to a lack of authentic information, many mistakenly came to assume that the renowned Yip Man was the sole inheritor of the style and that his Wing Chun was the lone version of the art. In fact, there are several different and distinct systems of Wing Chun. Unfortunately, over the years most of these systems have remained unseen or unreported to all but a few-until now. Profusely illustrated with over 300 historical photographs, Complete Wing Chun: The Definitive Guide to Wing Chun's History and Traditions presents seldom seen information on a dozen branches of the Wing Chun art. It offers the reader side-by-side comparison of these arts by outlining each system in terms of Wing Chun history, principles, basics, and training methods: Yip Man Wing Chun Yuen Kay-San Wing Chun Kuen Gu Lao Wing Chun Kuen Nanyang Wing Chun Kuen Pan Nam Wing Chun Kuen Pao Fa Lien Wing Chun Kuen Hung Suen Wing Chun Kuen and more!
